MAIN REQUIREMENTS FOR ECONOMIC OPERATORS

When offering construction products which are subject to soundproofing requirements for internal dividing structures of buildings to the market, the manufacturer, its authorized representative or importer is obliged to ensure that the sound insulation requirements for internal building envelopes comply with Latvian construction standard LBN 016-15 "[Building acoustics](#)" (approved by 16.06.2015 Cabinet regulation No 312), which are specified in Annex 3 to this Construction Standard.
