### **MAIN REQUIREMENTS FOR ECONOMIC OPERATORS**

The regulation prescribes the measures for monitoring, control and combating of the disease skrepi in ovine animals. It further lays down rules for measures to be taken for a holding to be granted and retained the status of a negligible scrapie risk or controlled scrapie risk and/ or scrapie resistance level I, level II or level III holding. The regulation lays down implementing measures for the scrapie-resistant sheep breeding program. Also, the regulation adopts application for granting of a negligible scrapie risk or controlled scrapie risk and/ or scrapie resistance level I, level II or level III status to the holding. Finally, the regulation lays down summary of the requirements for granting and maintaining the scrapie resistance level I, level II or level III status of the ovine animal holding.
